INTRODUCTION

KENYA BECKONS. HEED THE CALL.

Whether it's the dream of traveling vast savannas searching for exotic wildlife, swimming in the pristine waters of the Indian Ocean, or sleeping under the shimmering stars blanketing the night sky, the lure of this majestic country harkens travelers throughout the world.

SKYIN encourages our travelers to experience this beautiful country in ways others can't. We immerse into the vibrant culture and break the surface of traditional travel. We connect intimately with the indigenous people, the majestic heritage, and discover the side of Kenya which touches the soul.

SKYIN is about a different way, a way to experience an authentic Kenya. Pushing outside the conventional hotels and crowded buses. One which affords our travelers a glimpse behind the veil of tourism. SKYIN has built meaningful relationships for over a decade creating a network of thoroughly vetted host families to share in the true experience of a remarkable excursion.

GENESIS OF SKYIN

The origin of SKYIN was established to connect people across the world in an authentic way. Having traveled to the area throughout his life, our founder, Skyer Mason, wanted travelers to share the same warmth and intimate experience of "living like a local". His resolve to impact and achieve a sustainable presence in the region inspired his dream to create job opportunities for local families and their surrounding communities.

A JOURNEY DESIGNED

WITH YOU IN MIND

“

Where do I begin...from impulsively booking the trip within 10 minutes of speaking with Skyler while he was on another trip prior in Kenya, this trip was anything short of my expectations. I felt drawn to their website, the itinerary, and the immersive experience they promised. Going to Africa to visit local tribes, orphanages, safaris, and even some beach relaxation was always something I just imagined. With SKYIN, this became a reality that truly changed me forever. I have been all over the world and Kenya has stolen my heart. From the joyous people, the infectious smiles, the children playing, I could just immerse myself in this culture forever. Not only did Kenya have an impact, but the trip experience itself. SKYIN runs a full packed 10 days that will leave you exhausted (but in that culturally heartfull filled way) wanting to wake up and do it all over. Their travel program is very organized and you feel very safe and taken care of every step of the way. If you're looking to step out of your comfort zone and embrace a once in a lifetime journey, this is the trip to go on! Five stars all the way!"

IMMERSIVE ITINERARIES

Traveling to Kenya is high on most individual's bucket lists. To truly see this country, one needs to take it all in – the pristine, white, sandy beaches paired with authentic sailing voyages, the exotic wildlife home to the renowned Big 5 (lion, leopard, elephant, Cape buffalo, and rhino), the powerful history including the ancient slave trade, as well as the vibrant indigenous tribes and communities. SKYIN ensures our travelers experience it all!

“

My trip to Kenya with SKYIN was truly an experience of a lifetime! The diverse 10-day itinerary was outstanding! Each detail meticulously thought out and executed without so much as a hiccup. One moment we were dancing with tribe members and playing with the local children, the next we were on safari and being serenaded by hippo's as we drifted off to sleep. The impact that SKYIN has on these communities is nothing short of astounding. They have poured their hearts into each experience with the focus on creating jobs and benefiting the local Kenyans. Regardless if we were sailing the Indian Ocean and snorkeling the crystal blue waters, shopping the outdoor markets, seeing wild animals in their natural habitats, visiting the local orphanage, experiencing tribal traditions, hand-feeding giraffes, or walking barefoot on white sand beaches, we were always treated by the locals as family. I cannot wait to revisit my new family in Kenya and as SKYIN expands to other countries, I will be among the first to book new adventures!”

“

Let me just say that my SKYIN experience was beyond my wildest expectations. The owner of SKYIN, Skyley, has curated only the best of what Kenya has to offer. The incredibly gracious host family, the otherworldly culture perspective, and the beautiful and fierce landscape and wildlife all created a life changing experience. I was a little nervous about traveling so far from home and being away for a couple weeks. But when I met the local SKYIN team, the other travelers, and especially my host mother, Mama Alex, at the airport, all my worries disappeared with their warm smiles and welcoming hugs. I knew at that moment I was right where I needed to be and that feeling never left. With every sunrise there was a new experience and exotic adventure waiting as I learned about the Kenyan life, culture, food, landscape and wildlife. Through SKYIN, I immersed with the Maasai and Mijikenda tribe as they showed me their unique way of life, ventured on a safari seeing elephants, giraffes, lions, and leopards being wild in their natural habitat, swam with schools of colorful fish in crystal clear water, and above all, created friendships that will last a lifetime. SKYIN has the most welcoming host families. Skyley and his team have taken great care in selecting the most warm and gracious families. I always felt welcomed and at peace. SKYIN has curated only the best of Kenya has to offer and creates the adventure of a lifetime. I would 100% recommend traveling with SKYIN!”
